Cathy's new biography uncovers the previously unreported history of Mary Macarthur and her pivotal role in improving the lives of British women.

Mary Macarthur is possibly best known for her charismatic leadership and championing of the Women Chainmakers. This evening event will perfectly mark the end of the 10 week strike which ended on the 22nd October 1910.

Come along and find out more about Mary Macarthur as Cathy will give a talk about Mary the union leader, her travels and friendships, love and marriage, family and

motherhood, all explored within the context of her times. There will be a few other treats in store too!

This is a great opportunity to be one of the first to buy and take home your very own book as they are on sale on the night. You can even meet Cathy and have your copy signed!

Book your ticket online via our Facebook page or direct with Eventbrite -
